

**Harald WIESBAUER** is Regional Sales Manager at EV Group and joined the company in 2009. He received his technical background in electronics at the HTL Braunau and holds a B.Sc. degree in automation engineering from the University of Applied Sciences Wels, Austria with a specialization in sensors and microsystems technology. Before joining the sales team in 2016 he worked as EVG Senior Process Engineer for Wafer Bonding and Coating applications.

### **About EV Group (EVG)**

EV Group (EVG) is a leading supplier of equipment and process solutions for the manufacture of semiconductors, microelectromechanical systems (MEMS), compound semiconductors, power devices, and nanotechnology devices. Key products include wafer bonding, thin-wafer processing, lithography/nanoimprint lithography (NIL) and metrology equipment, as well as photoresist coaters, cleaners and inspection systems. Founded in 1980, EV Group services and supports an elaborate network of global customers and partners all over the world. More information about EVG is available at [www.EVGroup.com](http://www.EVGroup.com)
